Additional Information: Powered by a Volvo-Penta 190hp V-6 SX. She will need the heads redone due to a bad head gasket. Or you could just find a nice used GM V-6 and repower her. The boat itself is in excellent shape for her age. She is a very popular family deck boat built by a reputable manufacturer. Includes full cockpit and bow covers, changing room with porta-pottie, wet bar, depth finder, GPS, bimini top, and more. Deckboats are in high demand here in Florida. Be sure to do some research first and come and check her out for yourself. Does not come with trailer.
