	Currently Not Running		

Additional Information: Powered with twin merCruiser 5.7L fresh water cooled straight inboards. Both engines are very clean and should run, but will need basic tune up's, carb cleaning. She has a generator, air conditioning, Garmin GPS, VHF radio, stereo, and a windlass. All the options you could want for a family weekend out on the water. Some mold and mildew are present in the cabin from being closed up this summer. Cockpit upholstery and canvas will need some attention. If you're looking for a nice family express cruiser that needs some TLC, come down and check her out. Most of these were produced as sterndrives. Fortunately, this boat is true inboards.
