Type:	Gas, Inboard		
Horsepower:	350 hp		
Engine Hours:	Unknown		
Engine:	Last Ran in Dec. 2018		
	Currently Not Running		

Additional Information: Powered by twin Crusader 454 freshwater cooled inboards. Last ran in 12/18. She was used on the hard to teach our students boat systems for the last few years. We have decided now to offer her up for sale. She is a very big, spacious sportfisherman. Galley up design with a spacious salon that's perfect for those weekend fishing trips. With a little restoration work she can be a great example of a classic sportfisherman. The bottom needs some attention from a faulty blister repair in the past, and the rear bulkhead is rotted. She will need to be towed by water from our facility. Call us to come and take a look.
