4. Basic, Intermediate & Advanced Classes - minimum 5 students, maximum 16
5. Voyager Class - minimum 4 students, maximum 6

2022 SUMMER BOATING COURSES

Florida requires anyone born after 1/1/1988, who operate boats powered by engines of 10hp or more, to have taken a state approved boating basics course.

Students taking our basic course, who pass our National Association of State Boating Law Administrators (NASBLA) approved test, are issued a NASBLA Safe Boating Card that is recognized nationwide.

Chapman School of Seamanship was founded in 1971 by the late Glen D. Castle, a life long mariner and yacht captain, and the late Charles F. Chapman, legendary powerboat racer, boating magazine editor and author of CHAPMAN PILOTING & SEAMANSHIP.

Designated The Maritime School of Florida by the State Legislature in 1984, the Chapman School has earned worldwide respect for the quality and ability of its graduates.
