5. Lightening & Electrical 90min, Inspection procedures for a lightening claim, Dealing with Electronics upgrades, Testing of electrical equipment, working with the yard on repairs

6. Spars & Rigging, Failures and how to inspect them, Mast types & repairs, New rigging materials
7. Forensic photography.
8. Ethics & Reputation.
9. Fraud and how it fits our job.
10. Keeping safe on a damage survey, Confined spaces Animals and Insects, Safety equipment
11. Catastrophe teams, Preparation for a Cat disaster, Types of damage, How to assess damage in a catastrophe. Special equipment needed
12. Security and safety, Weapons
13. Forensic Analysis- ½ day – Mechanical/ Forensic engineer, When is a forensic analysis needed, what it can tell you, Oil Analysis / Special tests available, Chain of Custody of examined parts.
14. Marine Insurance Law, Latent defects, Sue and Labor, Subrogation potential, Agreed Value vs Actual Cash Value, Insured’s rights, Insurers rights, Time elements, Estoppel, Negligence -vs- Gross Negligence.
15. Elements of Salvage-History-Maritime law, Salvage VS Towing, Pleasure boats vs commercial boats, How to handle on site salvage operations, Record Keeping on salvage jobs

Admission:

Enrollment limited to 30 students. To encourage balanced input during the class and facilitate and encourage casual interaction among students and instructors after class, usually 3 instructors will attend each class. In order to receive a certificate of completion, a score of 80% on a twenty question test and submission of a satisfactory damage survey report is required.

Certification:

All students who successfully complete the program are issued with a “Certificate of completion” from the Chapman School. This certificate may be useful for continuing education credits with organizations within the Surveying Industry such as SAMS or NAMS.

- Where notice is provided to the School less than 3 business days before the start of class to transfer or cancel registration; or if the applicant does not arrive for the scheduled class; or if the applicant wishes to withdraw from class once classes have begun, the applicant may be obligated for the full amount of the tuition.

Campus Housing

Campus housing consists of dormitory apartments. Each apartment contains a bedroom, convertible living room/bedroom, bath, kitchenette and has an external covered porch. Apartments are located adjacent to the swimming pool.

The number of students per apartment during this program is generally a maximum of two. Housing is offered on a space available basis.

The units are air conditioned, fully furnished and equipped with a refrigerator, countertop range, coffee maker, cutlery crockery and cooking utensils.

The school is not responsible for the loss of any personal property. Sorry, no pets.

Housing Fees

Housing per night (shared) . . . \$40
Fee includes utilities.

Housing Refund

- Housing fees are due 10 days prior to the start of class.
- If a student cannot attend the classes for which he/she is registered, housing fees are refundable.
- Once a student moves into the unit no fees will be refunded.
- In the event the student does damage to the accommodations he or she will be responsible for the replacement cost in-

General

Shorts are usually the dress of the day. However, the occasional cold snap does occur, so a light jacket or sweater may be good to have available in need.

Students will be crawling about on boats as part of the program so boat shoes and work clothes are required. A student damage survey report is expected, so a laptop computer and printer would be useful, but is not essential since a neatly hand printed report will be acceptable.

Curriculum and fees are subject to change without notice at the discretion of the Chapman School of Seaman-

The School does not discriminate on the basis of age, sex, religion, race or ethnic group in the administration of any of its policies and programs.
