Additional Information: Repowered in 2012 with a merCruiser complete repower package. 8.1L Horizon inboard power. She also equipped with Smart Craft gauges and new shift and throttle controls. She has approx.. 194 hours on the meter since the re-power. Engines sound and run strong but the computers need a merCruiser technician to check them out. Starboard engine will randomly shut down and will not re-start for about ½ hour. She was in the process of a re-model when donated. All salon furniture is removed along with all navigation electronics. Bimini top and enclosures look great! Be sure to look at all the pics. She would make a super nice liveaboard!
