Manufacturer:	Single Honda 4 Stroke	Equipment:	Bimini Top
Type:	Gas, Outboard		
Horsepower:	90 hp		
Engine Hours:	228 hrs		
Engine:	Last Ran 4/21		

Additional Information: Powered by a 90hp Honda outboard with only 228 hours. This is a custom built gentleman's picnic launch constructed by North Shore Boat Works. Everything installed on this boat is high quality. She has plenty of storage, large cuddy cabin, bimini top, VHF radio, trim tabs, and a GPS. Her only flaw is that over 4500 rpm's she tends to lean to port. However, the trim tabs do correct this. Quite common on custom made boats. She shows nice and really turns heads wherever she goes. Give us a call to schedule an appointment.
